BANWELL
CLINIC

The Clinic

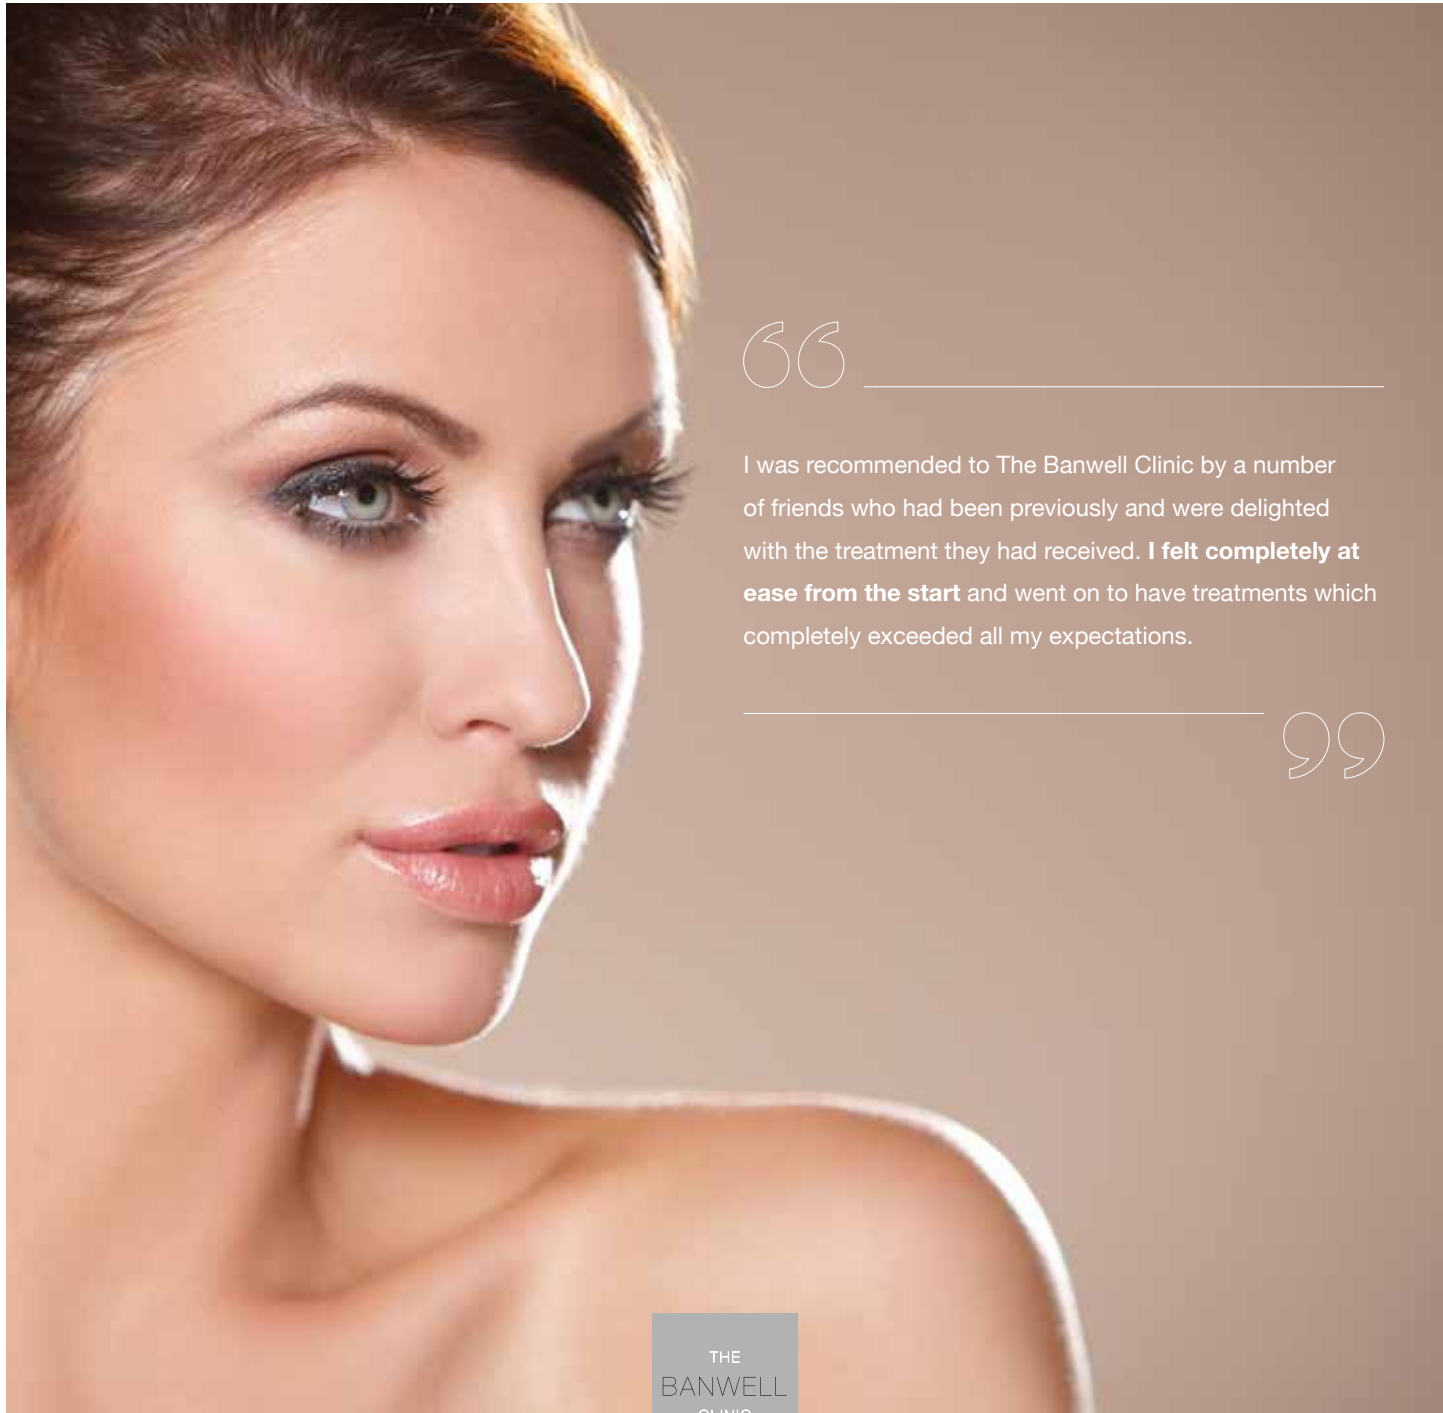

The Banwell Clinic, based in East Grinstead, Sussex, is a state of the art, boutique aesthetic clinic specialising in all aspects of cosmetic medicine, skin health and anti-ageing treatments for both the face and body.

Our motto is to 'make a difference' and make you feel better about yourself. Whether it is by giving you fuller lips, softening those wrinkles, freshening your skin, slimming your waistline or by simply reassuring you with a mole check, we aim to offer you a professional yet warm and friendly service.

As an acknowledged market leader in the aesthetic industry in the UK, our patients come to us from all over the country and abroad but the majority of our loyal friends are based in Sussex, Kent, Surrey, Hampshire and London.

Our philosophy is to help
Protect, Restore & Rejuvenate your skin

“

I was recommended to The Banwell Clinic by a number of friends who had been previously and were delighted with the treatment they had received. **I felt completely at ease from the start** and went on to have treatments which completely exceeded all my expectations.
